

OFFICE FINANCIAL POLICY

We are committed to serving this community and to providing you with the highest dental care possible. In order to achieve our commitment, it is necessary to implement the following financial policy.

The fees for your endodontic treatment will be based on the extent of treatment. During your first visit, we will discuss your specific treatment needs, the probable number of visits, their length, and the fees involved. For your convenience we accept cash, check, Visa, MasterCard, and Discover. We also offer Care Credit, a financing option.

Patients with Dental Insurance Benefits:

If you have dental insurance benefits, we will do everything possible to insure that you receive the maximum benefits to which you are entitled. We are preferred providers for Premera, WDS, Regence, Cigna, and MetLife but we do submit claims to all dental insurance carriers. You will be responsible for your estimated co-payment at the time service is rendered. Please be advised that this is only an estimate. You will be responsible for any remaining balance, if any, after your dental benefit reimbursement. Your prompt remittance is greatly appreciated. Should your dental benefit plan reimburses more than the estimated amount, a refund check from our office will be mailed to you.

Our priority is your dental health so any treatment that we recommend will be based on your individual needs, not your dental benefits coverage. The decision about what treatment we provide is always made by you. Based on your decision, we will discuss the fees for your treatment and help to determine what benefits you may expect from your dental benefits provider. While we will assist you in filing claims for benefits as a courtesy, the responsibility for payment of all services rendered will remain yours.

Patients without Dental Insurance Benefits:

Payment is due at the time service is rendered.
